

Hosted Cloud Accounting

Also known as Software-as-a-Service (SaaS), Noguska LLC offers clients all the benefits of online hosting for their NolaPro application in a secure environment.

Benefits of using our on demand service include:

- Secured site authentication (https://) with access control for every user
- Nightly backups of your encrypted data to our private offsite location
- No installation hassles
- No hardware to maintain or configure (IT free)
- Seamless, automatic upgrades with every new release
- Quicker support in most instances
- 99% uptime on our professionally hosted servers

Our affordable savings plans are as follows:

- NolaPro MyBiz Monthly Hosting \$9.99/mo
- NolaPro Prosper Monthly Hosting \$39.99/mo
- NolaPro MyBiz Quarterly Hosting \$29.97/qtr
- NolaPro Prosper Quarterly Hosting \$119.97/qtr
- NolaPro MyBiz Yearly Hosting \$99.99/yr
- NolaPro Prosper Yearly Hosting \$450.00/yr
- Optional—database importing and/or restoration is available upon request for a small \$79 fee per incident (note that data or tables that have been substantially altered may be subject to additional costs)

While we have been hosting NolaPro on the web since 2004, please note that none of our customers have yet to suffer an unauthorized security breach or permanent loss of data.
